October 2018

Wow! The year is almost over and holiday season is upon us. How quick has that gone?! With our weather starting to warm up, now is a perfect time to complete any decks and projects outside, all ready for nice warm nights spent outside in Summer!

We love to hear from you so please [let us know any feedback](#)

Kindest regards *Angela Petruzzi*

Fresher and Toxin-Free

Great news regarding the Bilis tile adhesive

The Bilis tile adhesive is no longer termed "hazardous". One of the ingredients, hydrated lime, is no longer deemed hazardous. This means now no more extra freight charges and it can also be shipped by air! Due to demand, the Bilis will be a standard stock item. To view more info or to order the Bilis, please click [here](#).

Wood Dust woodworking festival

What a fantastic festival Wood Dust was. The masterclasses were well visited and the Timber and Tool marketplace over the weekend was a buzz of activity. So great to meet so many avid users of the Livos oils and also great to meet many new contacts and looking forward to seeing some amazing pieces created!

Visiting Bungendore Wood Works gallery

Finally had my chance to visit the wonderful Bungendore Gallery. What an amazing array of craftsmanship. The displays and items up for sale from artisans from all over Australia is just mind blowing. Certainly a place to see when in the area. Great to see all in house designed products treated with the Livos products as well as others in need of that "extra little touch". The picture is a beautiful box the talented Ben, from Soul of Bespoke has

made. To view Ben's and others amazing crafted items you can visit www.bungendorewoodworks.com.au.

AWR Studio Furniture 2018 awards

Congratulations to Terry Martin and Zina Burloiu on winning the third place award from major sponsor Bungendore Wood Works Gallery on the creation of the beautiful and unique "Moon Table". This creation features the Livos oil. Something totally different but still amazing!

Christmas trading hours

Our last day of trading for 2018 will be Saturday the 22nd December (open from 9am till 1pm). We will reopen and resume normal trading hours (8.30am-4.30pm) on Wednesday the 2nd of January.

Congratulations to Wojcicki Constructions

It's nice to be associated with winners. Well done to our friends at Wojcicki Constructions. We are thrilled to have played a small role in your wonderful project. Winners and finalists in the HIA Western Victoria Regional Housing Awards 2018. For more information please [click here](#).

Owner Builder

BY ROSSIE - REAL TOWN'S GREAT REAL OWNER BUILDERS

200 OCTOBER/NOVEMBER 2018 \$14.95

MUD BRICK + TIMBER + STRAW BALE + STEEL + EDG + BRICK

The Owner Builder- A modest living space

Ever since learning about natural building techniques, Dani and I have felt a strong desire to build our own house, it was during time spent living in the UK that we first discovered straw bale building, cob techniques and the importance of passive solar design. Livos oils have been used on concrete floors. To read more please [click here](#).

Sanctuary

MODERN GREEN HOMES
STEP INSIDE
AUSTRALIA'S MOST SUSTAINABLE HOMES

Sustainable House Day 2018 preview
Climate-ready designs
Cradle-to-cradle construction

WIN a \$5000 Biofitz sustainable garden package
*See page 14 for details and terms. Check page 97

Sanctuary- Granny flat upcycle

Tim and Greer's granny flat has been transformed into a warm, light living/dining/Kitchen - the new heart of the home - with excellent visual and physical connection to the extensive backyard. South-facing glazing has been reduced in size to improve thermal performance; large sliding doors on the west open onto a jacaranda-shaded deck. Livos Kunos has been used on all internal timber. To read the full article please [click here](#).

Sanctuary- At home in the country

An architect's own home in Albany, WA, makes the most of its wild and windy site, using Passive House techniques to keep the weather out. Livos oils used on concrete floor. To read the full article please [click here](#).

Sanctuary- Cradle to cradle

Thanks to the choice of materials and construction techniques, this comfortable family house in western Victoria is almost entirely recyclable. Livos oils used on internal timber. To read the full article please [click here](#).

Customer feedback

Thank you again for your great products! That's what we like to hear.

Did you know we also have various cleaning products that are suitable on a variety of surfaces? Lovely to hear from Patricia who not only had an issue with her varnished floors but had to be extra careful due to her health issues.

Hello Livos Team,

'Thank you for creating such effective yet natural products that are safe for people and the environment. I have Multiple Chemical Sensitivities and I can only use products that are free from chemicals or synthetic fragrances.

Our polished floorboards were looking very dull. I had not been able to find a natural product that could bring back a shine to them. I recently came across your Glanos Natural Liquid Wax Cleaner and, after only one use of the Wax cleaner, our floorboards are looking glossy and shiny and full of life again. I am so thrilled with the results. I absolutely love your products. Thank you.'

Patricia, Melbourne

14 Ways to Make Your Bedroom Healthier, Fresher and Toxin-Free

Here's some great tips passed along from our great friends at Organature.

1. Replace your Pillows, Cushions and Pillow Cases with Organic materials.
2. Remove all artificial Fabrics from the Bed, Bedroom and Closet.
3. Make sure your Underwear, Bathrobes and Towels are as Organic as possible.
4. Remove any Furniture painted with regular toxic paint.
5. Give them a revamp with Eco-Friendly Paints and Oils instead. We recommend www.livos.com.au
6. Replace Particle Board and MDF with natural hardwood.
7. Replace any synthetic Accent/Throw Rugs with Certified Organic Cotton ones.
8. Consider making your home a shoe free zone.
9. Minimize the use of Electrical Devices in the bedroom.
10. Vacuum, Turn and Cover your Mattress to minimize dust mites.
11. Check under bed in case you find \$50 (or my pony) ... oh and maybe put under a container of DampRid while you're there too.
12. Buy an Air Cleaner/Purifier and actually use it.
13. Remove Chemically Treated Drapes or Shades.
14. Call in a Cleaner who only uses natural organic products like Bi-card Soda and Vinegar to do all the work for you :-)

Please visit www.organature.com.au for all your bedrooms needs and lots more information!
