June 2019

Winter sure has hit us in the South Eastern states with a vengeance! We cannot believe it's already half way through the year! Hopefully you have finished all your outdoor projects and you will be able to spend winter curled up all nice and cozy in front of the fire/heater!

We love to hear from you so please [let us know any feedback](#)

Kindest regards *Angela Petruzzi*

New video- patchy concrete

Check out our new video now [online here!](#) This video shows some of the common problems clients have when oiling their concrete floors and how to easily rectify them!

Welcome Tree O'Gallery

Welcome to the Livos family Bim Morton. Situated close to Coffs Harbour, Bim is one of our newest Livos stockists. Not only does Bim create some amazing furniture pieces but he also has locally milled timber available for purchase. Bim will be stocking the Livos products at the furniture gallery Tree-O, in Bellingen that he shares with 2 other talented furniture makers. Tree-O Gallery is officially open now at 7 Alex Pike Drive, Raleigh, NSW. Full details on our website under stockists.

Welcome Timberbits

We would also like to welcome the crew from Timberbits to our Livos stockists. Many in timber already know David as a talented furniture maker and pen turner that turned his hobby into his passion. Timberbits have an excellent selection of woodworking tools and machinery to suit anyone from a novice DIY'er to an experienced craftsman! Their contact details can be found on our website under stockists.

WOOD DUST

Wood Dust festival

This year, we will again have a stand at the Wood Dust Festival. It will be held in Melbourne at FAB9, 90 Maribyrnong Street, Footscray VIC over the 10th and 11th of August. There will be a maker conference, masterclasses and a timber and tool marketplace. Angela will also be discussing and demonstrating the versatility of the oils and stains on Saturday at 1.30pm.

Stop loss bags

We have successfully trialled the “Stop loss bags” for an easy way to decant the oils so no wastage occurs. These bags have proven excellent to reduce wastage via evaporation and have also stopped the oils from forming a “skin” which happens if left in a half empty tin and can render the remaining oil useless.

AWTEX Woodturning Exhibition

It was great to meet many new faces, and also see lots of familiar ones, at the annual AWTEX Woodturning exhibition! It was an excellent 3 days and the work these men and women produce is mind blowing! Can't wait to see many more new creations!

Sanctuary 47- Urban Lifecycle

Sustainably sourced materials meet passive solar design on this custom renovation and extension of a period Melbourne cottage. Livos oils have been used on interior timbers. To read the full article please [click here](#).

Sanctuary 47- Testing Ground

Joel and Danni Turner with architect Nikki Mote, experimented with hempcrete for a compact studio to fine tune the design and build for their future family house.

Livos oils are used on the stairs, door and timber shelves/features. To read the full article please [click here](#).
