ALIS DECKING OIL

Alis Decking Oil from Livos is a water resistant and open-pored oil for the treatment and care of external timbers such as deckings, doors, window frames and furniture. Made from natural ingredients, it is claimed by the manufacturer to be safe for toys.

The finish dries quickly and can be used to rejuvenate a bare surface without the need to resand. The coating will not peel or blister. It comes in seven stains — six to highlight the natural colour of the timber and then there's black for the bold look.

A full declaration of the natural ingredients is available from the web site, www.livos.com.au.
